

# Distribution into Canada, simplified.

---

## **Canada Made Easy is an all modes, full service package.**

Canada Made Easy (CME) offers all modes of transportation from Contract Warehousing/ Distribution to Ocean Freight, Air Freight, Land Transportation, and Customs Brokerage, packaged to save you time and money. CME offers a stress-free service for cargo heading to Canada by synchronizing your supply chain and maintaining control of the entire shipment flow from origin to destination. No longer will you have to deal with various service providers within the delivery flow.

# Our complete Canada made easy services at a glance.

The Canada Made Easy program is designed specifically for each customer.

CME offers solutions that are specific to your products, industry and unique requirements. We've been importing products for our customers for over 50 years and today, DB Schenker has the experience to provide you with a complete and hassle-free logistics alternative.

## Single point of contact

CME offers single point of contact. Whenever you need to reach out to one of our CME distribution customer service specialists, you will be greeted by the same team member every time, who is experienced enough in the industry (and with your business) to know your distribution needs instantly. You will appreciate this "no call-center" approach.

## Security

Classification "A" Transported Asset Protection Association (TAPA) accreditation at DB Schenker in Canada's multi-modal hub in Mississauga ensures the safe and secure in-transit storage and warehousing of our customers freight.

## Customized service

CME is designed specifically for each customer – with solutions that are specific to your products, industry and unique requirements. Our team of experts utilize our vast network of assets, transportation solutions, warehouses and connections to work with the customer and identify existing procedures, review processes and deliver flexible solutions.

## Minimize Customs Brokerage transactions

DB Schenker simplifies customs clearance by grouping several shipments destined to Canada into one – reducing documentation and cost considerably.

## Why choose DB Schenker? We make distribution into Canada a whole lot easier.

**Visibility.** Shipment statuses are completely transparent to our customers, and their dealers from origin pickup to final destination delivery – including customs clearance processes.

**Leading technology.** Consolidated billing allows for complete transaction costs, and reduce complexity of accounting. While EDI information transfer conforms with client's needs for data and makes for simple integration. CME offers a friendly web-based client interface which is powerful, offering minimal learning curve for users.

**Delivery time commitment.** Providing transportation mode customization to any destination. You tell us when you want it there; we provide the best mode of transport for your needs. We provide you with a high-level predictability that lets you know when your freight will be delivered.

**Competitive rates.** As one of the world's largest logistics providers, we put our buying power to work for you. We offer highly competitive rates based on bulk purchases from our carrier partners.

**We're always ready to deliver.** Need a customized end-to-end solution, taking care of your freight management and warehousing requirements? Learn more about what DB Schenker can do for you, your goals and your supply chain. Give us a call and we will show you how you can save time and money. We've been importing products for our customers for over 65 years and today, DB Schenker has the expertise and experience to provide our customers with a complete and hassle-free logistics alternative.
